About the SaGa Series

SaGa is a series of revolutionary role-playing games, created by legendary game developer Akitoshi Kawazu (*FINAL FANTASY*, *FINAL FANTASY II*, *SaGa Frontier*). Since *THE FINAL FANTASY LEGEND* was released in 1990 for the Game Boy, the series has expanded with several additional entries across numerous platforms. Other SaGa series regulars include illustrator Tomomi Kobayashi, who has given the series its own unique style, and composer Kenji Ito (Mana series). Although the SaGa series shares its roots with *FINAL FANTASY*, the SaGa series has always incorporated revolutionary and challenging gameplay mechanics, such as player choice, branching storylines and implementing characters with wildly different playstyles, setting it apart from other JRPG series. *COLLECTION OF SaGa FINAL FANTASY LEGEND* is part of the ongoing SaGa franchise from SQUARE

ENIX that so far includes Western releases of *Romancing SaGa 3*, *SaGa SCARLET GRACE: AMBITIONS*, *SaGa Frontier Remastered* and *Romancing SaGa Re;univerSe*.
